

EIJC: Looking to the Future

By: Everyone

Looking Back...

1. What did you enjoy the most this semester?
2. What did you enjoy the least?

Think, for example, in terms of:

- Discussion topics
- Setup (e.g., the 'slides then discussion' approach)
- Logistics (e.g., food choice, day/time)

Looking Forward...

1. What do you want to see more of next time?
2. What do you want to see least of?

Think, for example, in terms of:

- Discussion topics
- Setup (e.g., the 'slides then discussion' approach)
- Logistics (e.g., food choice, day/time)

Changes for the Future...

1. What should we add to last year's document?
2. What old/new direction(s) should we move in next year?
